

Genpact Recognized by Forbes as One of the World's Best Employers for Third Consecutive Year

Recognition acknowledges Genpact's commitment to employee experience and engagement, and culture of innovation, integrity, and inclusivity

NEW YORK, March 21, 2024 /PRNewswire/ -- [Genpact](#) (NYSE: G), a global professional services firm focused on delivering outcomes that transform businesses, announced today its inclusion on the annual Forbes list of the "[World's Best Employers](#)" for the third consecutive year.

Genpact's recognition on the list is a result of a comprehensive evaluation conducted by Forbes in collaboration with Statista Inc, a leading statistics portal and industry ranking authority. The process involved independent online surveys of more than 170,000 employees working full- or part-time for multinational companies and institutions across 55 countries. This rigorous assessment considered both direct and indirect feedback from employees, who were asked to rate their willingness to recommend their employers to friends and family. Employee evaluations also factored in comparisons with other employers in their respective industries that stood out positively or negatively.

"One of Genpact's key differentiators is our unique culture with intense client focus, entrepreneurial agility, and innate curiosity," said BK Kalra, President and CEO, Genpact. "This award is a testament to our ability to infuse data, technology and AI with a clear ambition, and a defined purpose, to be more inclusive, more employee-first, and elevate overall experience of our employees."

This is the latest addition to Genpact's recognitions as an employer of choice. Other recent awards include:
