Genpact Reports Second Quarter 2024 Results

Total Revenue of \$1.18 billion, Up 6% (7% constant currency)¹
Diluted EPS of \$0.67, Up 6%; Adjusted Diluted EPS² of \$0.79, Up 10%

NEW YORK, Aug. 8, 2024 /PRNewswire/ -- Genpact Limited (NYSE: G), a global professional services and solutions firm delivering outcomes that shape the future, today announced financial results for the second quarter ended June 30, 2024.

"Following another quarter of better-than-expected results and a robust first half performance, we are raising our earnings expectations for the year," said **Balkrishan**"BK" Kalra, Genpact's President and CEO. "Our second quarter results are a testament to the team's ability to successfully deliver on our '3+1 Execution
Framework'. Looking ahead, we will continue to drive execution and lean into innovation, leveraging gen Al and other advanced technologies to deliver superior value for clients and drive productivity for Genpact."

Key Financial Highlights - Second Quarter 2024

- Total revenue was \$1.18 billion, up 6% year-over-year on an as reported basis and 7% on a constant currency basis.
- Data-Tech-Al revenue was \$546 million, up 4% year-over-year, both on an as reported and constant currency basis, 1 representing 46% of total revenue.3
- Digital Operations revenue was \$630 million, up 9% year-over-year, both on an as reported and constant currency basis, 1 representing 54% of total revenue.³
- Gross profit was \$416 million, up 7% year-over-year, with a corresponding margin of 35.4%.
- Net income was \$122 million, up 5% year-over-year, with a corresponding margin of 10.4%.
- Income from operations was \$170 million, up 8% year-over-year, with a corresponding margin of 14.5%.
- Adjusted income from operations was \$198 million, up 7% year-over-year, with a corresponding margin of 16.9%.
- Diluted earnings per share was \$0.67, up 6% year-over-year.
- Adjusted diluted earnings per share^{2,4} was \$0.79, up 10% year-over-year.
- Cash flow from operations was \$209 million, up from \$171 million in the second quarter of 2023.
- Genpact repurchased approximately 1.9 million common shares during the quarter for total consideration of approximately \$63 million at an average price per share of \$32.63.

Outlook

Genpact's outlook for the third quarter of 2024 is as follows:

- Total revenue in the range of \$1.180 billion to \$1.186 billion, representing year-over-year growth of approximately 3.9% to 4.4% as reported, or 4.2% to 4.7% on a constant currency basis.¹
 - Digital Operations revenue growth of approximately 3.8% year-over-year and Data-Tech-Al revenue growth of approximately 4.6% year-over-year at the midpoint of the range, as reported.
 - Digital Operations revenue growth of approximately 4.2% year-over-year and Data-Tech-Al revenue growth of approximately 4.7% year-over-year at the
 midpoint of the range, on a constant currency basis.¹
- · Gross margin of approximately 35.4%.
- Adjusted income from operations margin⁶ of approximately 17.2%.

Genpact's updated outlook for the full year 2024 is as follows:

• Total revenue in the range of \$4.656 billion to \$4.701 billion, representing year-over-year growth of approximately 4.0% to 5.0% as reported, or 4.2% to 5.2% on a constant currency basis, 1 up from the prior guidance of approximately 2.5% to 3.5% as reported.

¹ Revenue growth on a constant currency basis is a non-GAAP measure and is calculated by restating current-period activity using the prior fiscal period's foreign currency exchange rates adjusted for hedging gains/losses in such period.

² Adjusted diluted earnings per share is a non-GAAP measure. A reconciliation of GAAP diluted earnings per share to adjusted diluted earnings per share is attached to this release.

³ Genpact updated the classification of certain service revenues from Digital Operations to Data-Tech-AI in the quarter ended March 31, 2024 to more accurately reflect the nature of, and mode of delivery for, the services provided, which have evolved over time. As a result, the revenue from Digital Operations and Data-Tech-AI for the second quarter of 2023 originally reported was \$605 million and \$501 million, respectively, which is \$581 million and \$525 million, respectively, in accordance with the updated classification.

⁴ Income from operations and diluted earnings per share in the second quarter of 2023 include a \$5 million gain on the termination of a lease which was impaired as part of the restructuring charge taken in the second quarter of 2022. This gain is therefore excluded from adjusted income from operations and adjusted diluted earnings per share in the second quarter of 2023.

⁵ Adjusted income from operations and adjusted income from operations margin are non-GAAP measures. Reconciliations of each of GAAP income from operations and GAAP net income to adjusted income from operations and GAAP income from operations margin and GAAP net income margin to adjusted income from operations margin are attached to this release.

- Digital Operations revenue growth of approximately 5.2% year-over-year and Data-Tech-Al revenue growth of approximately 3.8% year-over-year at the midpoint of the range, as reported, up from the previous midpoints of 3.6% and 2.3%, respectively.
- Digital Operations revenue growth of approximately 5.5% year-over-year and Data-Tech-Al revenue growth of approximately 3.9% year-over-year at the
 midpoint of the range, on a constant currency basis,¹ up from the previous midpoints of 4.0% and 2.4%, respectively.
- Gross margin of approximately 35.3%.
- Adjusted income from operations margin⁶ of approximately 17.0%.
- Adjusted diluted EPS⁷ in the range of \$3.14 to \$3.18, up from the prior range of \$3.01 to \$3.04.

Second Quarter 2024 Earnings Call

Genpact's management will host a conference call on August 8, 2024, at 5:00PM ET to discuss the company's performance for the second quarter ended June 30, 2024. Participants are encouraged to register here to receive a dial-in number and unique PIN for seamless access. It is recommended to join 10 minutes before the call starts, although registration and dial-in will be available at any time. A live webcast will be available on the Genpact Investor Relations website. For those unable to attend the live call, an archived replay and transcript will be available on the website shortly after the call.

About Genpact

Genpact (NYSE: G) is a global professional services and solutions firm delivering outcomes that shape the future. Our 125,000+ people across 30+ countries are driven by our innate curiosity, entrepreneurial agility, and desire to create lasting value for clients. Powered by our purpose – the relentless pursuit of a world that works better for people – we serve and transform leading enterprises, including the Fortune Global 500, with our deep business and industry knowledge, digital operations services, and expertise in data, technology, and Al.

Safe Harbor

This press release contains certain statements concerning our future growth prospects, including our outlook for 2024, financial results and other forward-looking statements, as defined in the safe harbor provisions of the U.S. Private Securities Litigation Reform Act of 1995. Non-GAAP Financial Measures

To supplement the consolidated financial statements presented in accordance with GAAP, this press release includes the following non-GAAP financial measures:

- · Adjusted income from operations;
- Adjusted income from operations margin;
- · Adjusted diluted earnings per share; and
- Revenue growth on a constant currency basis.

These non-GAAP financial measures are not based on any comprehensive set of accounting rules or principles and should not be considered a substitute for, or superior to, financial measures calculated in accordance with GAAP and may be different from non-GAAP financial measures used by other companies. Accordingly, these non-GAAP financial measures, the financial statements prepared in accordance with GAAP and the reconciliations of Genpact's GAAP financial statements to such non-GAAP financial measures should be carefully evaluated.

Given Genpact's acquisitions of varying scale and size, and the difficulty in predicting expenses relating to acquisitions and the amortization of acquired intangibles thereof, since July 2012 Genpact's management has used financial statements that exclude all acquisition-related expenses and amortization of acquired intangibles for its internal management reporting, budgeting and decision-making purposes, including comparing Genpact's operating results to those of its competitors. For the same reasons, since April 2016, Genpact's management has excluded the impairment of acquired intangible assets from the financial statements it uses for internal management purposes. Acquisition-related expenses are excluded in the period in which an acquisition is consummated. Genpact's management also uses financial statements that exclude stock-based compensation expense. Because of varying available valuation methodologies, subjective assumptions and the variety of award types that companies can use when adopting ASC 718 "Compensation-Stock Compensation," Genpact's management believes that providing non-GAAP financial measures that exclude such expenses allows investors to make additional comparisons between Genpact's operating results and those of other companies.

During the second quarter of 2022, Genpact approved a plan to divest a business that was no longer deemed strategic. Given the specialized nature of this business, we anticipated completing a transaction within twelve months after the end of the second quarter of 2022, and therefore, we classified the revenues and expenses related to this business as held for sale with effect from April 1, 2022. During the first quarter of 2023, the Company consummated this transaction and recorded a loss on the sale of the business. During the second quarter of 2023, the Company terminated a lease for office property which was fully impaired as part of a restructuring in the second quarter of 2022 and recorded a gain on such lease termination as restructuring income in the second quarter of 2023. Genpact's management believes that excluding the loss on the sale of, and the revenues and expenses associated with, the business previously designated as held for sale and the gain on the lease termination in calculating its non-GAAP financial measures provides useful information to both management and investors regarding the Company's financial performance and underlying business trends. Additionally, in its calculations of non-GAAP financial measures, Genpact's management has adjusted foreign exchange gains and losses, interest income and expense and income tax expenses from GAAP net income, and other income and expenses, and certain gains from GAAP income from operations, because management believes that the Company's results after taking into account these adjustments more accurately reflect the Company's ongoing operations. In its calculations of adjusted diluted earnings per share, Genpact's management adds back stock-based compensation expense, amortization and impairment of acquired intangible assets, acquisition-related expenses and the related tax impact of such adjustments from GAAP diluted earnings per share. For the purpose of calculating adjusted diluted earnings per share, the combined current and deferred tax effect i

Genpact's management provides information about revenues on a constant currency basis so that the revenues may be viewed without the impact of foreign currency exchange rate fluctuations compared to prior fiscal periods, thereby facilitating period-to-period comparisons of the Company's true business performance. Revenue growth on a constant currency basis is calculated by restating current-period activity using the prior fiscal period's foreign currency exchange rates adjusted for hedging gains/losses in such period.

Accordingly, Genpact believes that the presentation of adjusted income from operations, adjusted income from operations margin, adjusted diluted earnings per share

and revenue growth on a constant currency basis, when read in conjunction with the Company's reported results, can provide useful supplemental information to investors and management regarding financial and business trends relating to its financial condition and results of operations.

A limitation of using adjusted income from operations and adjusted income from operations margin versus income from operations, income from operations margin, net income and net income margin calculated in accordance with GAAP is that these non-GAAP financial measures exclude certain recurring costs and certain other charges, namely stock-based compensation expense and amortization and impairment of acquired intangible assets. Management compensates for this limitation by providing specific information on the GAAP amounts excluded from adjusted income from operations and adjusted income from operations margin.

The following tables show the reconciliation of these non-GAAP financial measures to the most directly comparable GAAP measures for the three months and six months ended June 30, 2023 and 2024:
