NelsonHall's NEAT assessment evaluates vendors based on their ability to deliver immediate impact and future-ready solutions to clients. Genpact is named a Leader in all six evaluation categories: overall, underwriting, customer service/administration, claims administration, operations analytics, and AI/GenAI. This recognition reflects the company's commitment to innovation, and measurable impact across the P&C insurance value chain.

Genpact is named a Leader in all six NelsonHall NEAT Property & Casualty Ops-Analytics and AI evaluation categories: overall, underwriting, customer service/administration, claims administration, operations analytics, and AI/GenAI. Shown here in AI/GenAI category.

"Our AI-first approach delivers actionable insights that improve efficiency and create long-term value for our clients," said **Sameer Dewan, Global Business Leader, Financial Services, Genpact.** "By embedding AI, data, and technology into underwriting, claims management, and operations, we help insurers streamline workflows, enhance decision-making, and drive better outcomes."

Genpact supports more than 160 insurers worldwide, delivering end-to-end solutions through offerings such as underwriting modernization, AI-powered claims management, and catastrophe claims management. Its leadership is further bolstered by strategic investments in AI and data, as well as partnerships with industry leaders like Guidewire and Insurity.

"Genpact is identified as an overall Leader in *P&C Operations: Analytics & AI* for its AI-led solutions, including AI use cases deployed across the value chain," said **Bilal Chaudhry, Principal Analyst, NelsonHall**. "Its strategic focus enhances customer experience, streamlines operations, and accelerates decision-making. Notable initiatives like Genpact AI Adjuster Assist automate property contents inventory and fulfillment in the claims processes, improving efficiency and responsiveness."

With a global presence, flexible engagement models and high client retention, Genpact combines deep industry expertise with advanced technologies to deliver lasting value. Its solutions embed analytics and generative AI across the P&C value chain to improve underwriting accuracy, accelerate claims settlement, and enhance customer experience.

Key Genpact offerings for P&C insurers include:

- **Underwriting Manager:** Modular platform modernizing underwriting workflows
- **Genpact Claims Manager:** End-to-end platform automating claims setup, segmentation, and fast-track processing

- **Genpact AI Adjuster Assist:** AI tool for streamlining property contents inventory, pricing, and fulfillment
- **Catastrophe Claims Management:** Scalable solution for fast and efficient disaster claims handling
