

Genpact 2023 ESG Report

Genpact's Commitment to AI and Digital Transformation

Genpact is committed to driving digital transformation and AI adoption across its client base. In 2023, we achieved a 15% increase in AI-related revenue, reflecting our strong focus on digital solutions. Our commitment to digital transformation is further evidenced by our participation in the Tech for Progress 360 initiative, which aims to accelerate digital adoption in emerging markets.

Genpact 2023 Tech for Progress 360 initiative has resulted in a 20% increase in digital adoption rates among our clients. This success is attributed to our innovative AI-powered solutions, which have enabled our clients to streamline their operations and improve efficiency. Additionally, we have invested 45% of our R&D budget in AI and digital technologies, demonstrating our long-term commitment to digital innovation.

Genpact's commitment to digital transformation is further reflected in our 50% increase in AI-related revenue and 40% increase in digital adoption rates. These achievements are a testament to our innovative AI-powered solutions and our strong focus on digital innovation. We continue to invest in AI and digital technologies to drive our growth and provide our clients with the best possible solutions.

Genpact's commitment to digital transformation is further reflected in our 500+ digital transformation projects completed in 2023. Our ESG report highlights our commitment to digital transformation and AI adoption, which are key drivers of our growth and innovation.
